

"TOM" REED GETS THE WHOLE STATE

MASSACHUSETTS DELEGATION WILL BE FOR HIM.

Men Who Will Go to St. Louis Re-quested to Forward His Cause By All Honorable Means—Reciprocity, Restriction of Immigration, Etc., Demanded by Resolution.

Boston, Mass., March 28.—The state convention for the election of delegates to the republican national convention at St. Louis was held here on Friday. The delegates had only one name in their minds as their choice for the presidential nomination. It was that of Thomas B. Reed of Maine, and any reference to the name or his sentiments

THOMAS BRACKETT REED.

was the signal for cheers and applause. Mr. George H. Lyman called the convention to order at 10:15 o'clock, and the call for the convention was read by Secretary Talbot. Rt. Rev. William Lawrence, Episcopal bishop of Massachusetts, offered prayer, and in it eloquently referred to the justice and purity of the life of the late Gov. Greenhalge.

The committee on credentials reported that the convention was entitled to 2,002 delegates and that 1,851 delegates were present.

Congressman Samuel W. McCall of Winchester was chosen permanent chairman. His introduction was the signal for a great ovation. He made the usual speech, concluding with a eulogy of Thomas B. Reed as a candidate for the presidential nomination.

The resolutions, after pledging the state's electoral vote to the nominees of the St. Louis convention, declare for a protective tariff and the reciprocity policy of James G. Blaine; demand the restriction of immigration, at least to the exclusion of the totally ignorant and illiterate; declare against the appropriation of public money for sectarian schools; demand the enforcement of the Monroe doctrine; extend sympathy to Cuba, and concludes:

"We present to the national convention for nomination as president and urge all our delegates to give their earnest, united and active support to a fearless leader, tried in many hard conflicts, a man of national reputation, of unblemished character, unswerving Republicanism and great abilities, Thomas B. Reed of Maine."

Delegates-at-large to the national convention are: Senator Henry Cabot Lodge of Nahant, W. T. Murray Crane of Dalton, Eben S. Draper of Hopdale and Curtis Guild, Jr., of Boston. They were chosen by acclamation.

The financial plank is as follows:

"We are entirely opposed to the free and unlimited coinage of silver, and to any change in the existing gold standard, except by international agreement. Each dollar must be kept as good as every other dollar. The credit of the United States must be maintained at the highest point, so that it cannot be questioned anywhere, either at home or abroad. Every promise must be rigidly kept and every obligation redeemable in coin must be paid in gold."

SILVER RESOLUTIONS.

Federation of Labor Officials Ask Locals to Declare for Free Coinage.

Indianapolis, Ind., March 28.—Under the direction of President Gompers and Secretary McCraith the American Federation of Labor has been mailing to all affiliated unions in the country a circular letter and resolutions, which the locals are requested to adopt, indorsing the free coinage of silver at a ratio of 16 to 1. The federation at its last national convention in New York indorsed the free coinage of silver. It is deemed advisable, the circular says, that if anything is to result from that indorsement the unions throughout the country must take up the fight. The resolution asks congress to pass a free-coinage 16-to-1 law, "without waiting for the aid or consent of any other nation. We are of the opinion that to do so would relieve the present monetary stringency and contribute toward bringing to us a return of national prosperity."

The officers of the federation say President Gompers will not discuss the probable effect of the movement, but he intimates that the party that does not satisfy the free-silver people in its national platform will not be able to get the labor vote next fall.

Senator Tillman's Threat.

Washington, March 28.—Senator Tillman of South Carolina reiterates his declaration that he will leave the democratic party if the Chicago convention does not declare for free silver.

TO ADMIT WOMEN.

North Indiana Methodist Conference Favors Them as Delegates.

Richmond, Ind., March 28.—At the meeting of the North Indiana conference of the Methodist Episcopal church Friday the following delegates to the general conference were chosen: A. E. Mahlin, Richmond; H. N. Herrick, Muncie; F. G. Brown, Huntington; W. D. Parr, Kokomo. The lay delegates chosen are: John H. Patterson, Knightstown, and Dr. C. B. Stiehm, Fort Wayne. The lay conference passed resolutions opposing an increase in the number of bishops, favoring equal clerical and lay representation in the annual and general conferences, favoring the admission of women as delegates to the annual and general conferences and opposing the removal of the time limit to the pastorate of the ministers. Dr. A. B. Leonard, of New York, gave a most encouraging report of the missionary work, for which cause this conference gave \$22,665 the last year. Mrs. Dr. R. S. Rust, of Cincinnati, originator of the Home Missionary society, also gave an encouraging report of that part of the work. A large class of ministers was received into full membership.

A MYSTERY SOLVED.

Body Found in a Packing Case at Chicago Identified.

Chicago, March 28.—The body found in the trunk bought from a storage warehouse and opened Thursday night and regarding whose identity great interest has been aroused, has been identified as that of Prosper Chazal, a native of Lyons, France. Chazal disappeared from his lodgings in Salt Lake City in February, 1893, and no trace of him has since been found. He had left Chicago with \$3,000 in his possession and had been in Salt Lake City but a few days when he disappeared. He left \$2,000 on deposit in the Deseret National bank of that city.

Metallic Currency for Russia.

London, March 28.—A dispatch to the Times from St. Petersburg, says: "Although not officially announced, it is believed that the use of a metallic currency is imminent. The proposed reform consists in coining new gold pieces corresponding in value to the present paper rouble, while the state bank will cease to issue paper on account of the exchequer, the note issue being placed on a similar basis to that of the banks of England and France. The existing paper will be withdrawn in exchange for the new gold roubles. The silver rouble will be compulsory between private persons up to fifty roubles, while the exchequer will receive it to any amount except in payment of customs duties."

Talk of Fusion in Texas.

Austin, Tex., March 28.—A report is current that the leaders of the republicans and the populists have a scheme to fuse, the republicans to vote for the populist nominees for state officers and the populists to put republican electors on their ballots. If this fusion is accomplished it will endanger Texas as a democratic state this year. The movement, it is said, was put on foot at Dallas two weeks ago by Edward Green, W. K. Mikeson and other prominent republicans and leading politicians here say it will be successfully carried out.

Slow Work on Iowa Code Revision.

Des Moines, March 28.—The senate committee to investigate code work, composed of Senators Funk, Carpenter and Cheshire, consulted with the house committee and found that about 600 of the 1,075 pages of the proposed code have been gone over by the committees. The most difficult parts of the work remain to be done. Little has been agreed to by both houses. The committee estimates that it will take until May 15 or June 1 to finish the code if hard work is done.

Ann Arbor Wins the Debate.

Ann Arbor, Mich., March 28.—The intercollegiate debate between the universities of Michigan and Chicago was held Friday night in University hall. The judges decided that Michigan's representatives had the better of the argument by eight points, Michigan getting thirty-five and Chicago twenty-seven. The question was: "Resolved, That the principle of a graduated property tax is one that should be adopted by the states." Michigan had the affirmative and Chicago the negative.

Free Religious Federation Closed.

La Salle, Ill., March 28.—The convention of the free religious federation closed here Friday night with a reception tendered the delegates by the citizens in Turner hall. A business session was held in the morning and at it was presented a flattering report of the work being done by the liberals in the various parts of the district covered by the federation.

Wichita, Kan., March 28.—The Southwest Kansas Methodist Episcopal conference on Friday adopted the Baltimore-Colorado proposition favoring the admission of women to the general conference.

Cuban Resolutions Not Acted Upon.

Washington, March 28.—Mr. Hitt, chairman of the foreign affairs committee, decided on Friday, after consultation with Speaker Reed, not to call up the conference report on the Cuban resolutions until the sundry civil appropriation bill had been passed.

SENATORS STIRRED BY A WARM SPEECH

MR. HILL CAUSES A HEATED DEBATE.

Remark of the New York Statesman Offends Senator Elkins—Cuban Resolutions Held Back—Deficiency Estimates Sent to the House—General Washington News.

Washington, March 28.—In the senate on Friday Senator Morrill presented a favorable report on the bill proposing the purchase of a square opposite the east front of the capitol, adjacent to the new congressional library, for a supreme court building. The legislative appropriation bill was then taken up. The pending question was the motion of Senator Sherman to strike out all provisions relating to the change of compensation from fees to salaries for United States district attorneys and marshals.

An acrimonious political debate developed and brought on two sharp personal exchanges between Mr. Hill and Mr. Elkins, and between Mr. Brice and Mr. Elkins. The controversy arose over Mr. Hill's motion to strike from the pending appropriation bill the proposed change of the date of assembling the New Mexico legislature from December to May. Mr. Hill bitterly denounced the change as a "political trick," which had been "sneaked into" this appropriation bill in order, as he claimed, to postpone the meeting of the democratic legislature in the hope that a republican president would be elected and the political control of the territory changed.

Mr. Elkins protested against the use of the words "sneaked in." The exchange between the senators was very animated, but Mr. Hill persisted in the use of his adjectives. He went on to assert that appropriation bills should not be made "sewers" to receive all the "scraps" every one might seek to put into them.

Mr. Brice sought to question Mr. Elkins, when the latter brought up the offensive personal dispatch which had been sent to Mr. Brice from New Mexico. The debate took a wide range. Senators Gorman, Faulkner, Cockrell and other democrats attacking the provision as political, while Senators Elkins, Carter, Cullom and other republican senators defended it. Mr. Cullom sought to table Mr. Hill's motion, but a motion to this effect failed—21 to 29—whereupon Mr. Cullom yielded to the Hill motion and the New Mexico provision was struck out.

At the close of the day the senate passed the legislative appropriation bill, carrying \$21,500,000. Aside from providing the usual appropriations the bill is important in effecting a reform of the system of compensation for United States district attorneys and marshals, salaries being substituted for fees. The senate adjourned until Monday.

FIGHT OVER SUNDRY CIVIL BILL.

Appropriations Committee Defeated by a Combination.

Washington, March 28.—The appropriations committee attempted to take up the sundry civil appropriation bill Friday but the members who were interested in bills on the private calendar defeated them by a vote of 142 to 77. It developed during the day that a lively fight would be precipitated Monday when the sundry civil bill is called up on account of the fact that the bill carries appropriations for continuing contracts on river and harbor work and public buildings for only eight months of the next fiscal year. That would carry the appropriations up to March 1, 1897.

The appropriations committee suffered another reverse just before the house took a recess. It was Mr. Cannon's intention to force the house to sit today and proceed with the sundry civil bill, but the members were overwhelmingly in favor of taking a holiday and by a big majority voted to adjourn until Monday.

Will Add to Pension Rolls.

Washington, March 28.—The house committee on invalid pensions has reported favorably Representative Crowther's bill extending the benefits of the pension laws to all the militia engaged in the civil war who served ninety days under the direct authority of the war department or United States officers. It is estimated that from 12,000 to 15,000 names will be added to the pension rolls by this bill.

Million Acres for Settlers.

Washington, March 28.—The president will today issue a proclamation opening the Red Lake Indian reservation in Minnesota to settlement. The date selected is May 1. The White Earth reservation will be opened by a proclamation to be issued later, though it was originally planned to issue the proclamations simultaneously. The two reservations comprise about a million acres, and form a portion of the old Chippewa lands.

Deficiency Estimates Made.

Washington, March 28.—The secretary of the treasury has sent to the house estimates of the general deficiency in departmental appropriations for the year ending June 30, 1896, amounting to \$2,905,072, and for the postal service payable from the postal revenues of \$1,421,600.

STORM IN NEBRASKA DID MUCH DAMAGE

HAVOC IS RAISED BY THE WIND AND RAIN.

Hurricane Prevailed All Thursday Night and Friday—No Fatalities Reported—The Windstorm Crippled Telegraph Lines in Colorado—Cripple Creek Shaft House Wrecked

Omaha, Neb., March 28.—A severe wind and rain storm prevailed in Nebraska Friday. At night it was very severe, the wind reaching the proportions of a hurricane in many sections. Early in the morning a heavy rain began throughout the state, which lasted until noon. Toward evening the storm was renewed, and became violent hourly. Torrents of water fell, and together with the terrific wind, forced a suspension of traffic in Omaha streets for several hours. It was equally severe in other parts of the state, many small buildings being torn from their foundations. The damage is confined to the property destroyed.

DAMAGE IN COLORADO.

Telegraph Lines Demoralized—Fatality at Cripple Creek.

Denver, Colo., March 28.—The worst windstorm experienced in Denver in two years prevailed Friday, the wind reaching a velocity of sixty-two miles an hour in the afternoon. The telegraph lines on all the railroads in the southern part of the state are demoralized. At Cripple Creek the shaft house on the Little Daisy mine blew down, killing John Hay and severely hurting John Manon.

INSTRUCT FOR MCKINLEY.

Illinois Conventions Captured by the Ohio Statesman.

Danville, Ill., March 28.—Owing to the action taken Friday by the Vermillion county republican convention, it is almost certain that the Twelfth congressional district will send two delegates to St. Louis who will be instructed to vote for William McKinley for president. Iroquois county some time since instructed its thirteen delegates to the congressional convention to vote for McKinley. These, with the twenty-three delegates from Vermillion county, constitute a majority. Shelby M. Cullom is the second choice of the convention.

Woodstock, Ill., March 28.—The republicans of McHenry county met in county convention in this city Friday. Resolutions were passed instructing for Hopkins for governor, McKinley for president, H. S. Williams for member of the state board of equalization, and F. K. Granger for state senator. A resolution was also adopted making a demand of Cuba for the immediate restoration to liberty of Walter Grant Dygart, a citizen of this county, who is imprisoned in Cuba charged with being a rebel general.

SCHOOLS BILL BURNED.

Demonstration in Manitoba Against the Proposed Act.

Winnipeg, Man., March 28.—A small demonstration was had here Friday night to protest against the passage of the remedial schools bill by the dominion government. The procession proceeded to the parliament building, where the bill was ignited, but the attempt was only a partial success. An indignant citizen attempted to stop the procession entering the parliament grounds by presenting a rifle at the crowd, but his friends interposed and there was no more disturbance.

Public opinion is practically solid against dominion interference with the public school system, but many friends of the latter did not favor any demonstration pending the result of the friendly negotiations now in progress between Manitoba and the dominion for the settlement of the disturbing question.

To Be an Exciting Convention.

Guthrie, O. T., March 28.—Everything indicates that the republican territorial convention at Oklahoma City today will be exciting from start to finish, both the Reed and McKinley factions claiming a majority. A movement has been started by the taxpayers of the party for a resolution declaring that no delegate shall be elected who does not own real estate in the territory, and there will be a hard fight on this. An attempt will be made to shut out Henry E. Asp, the Reed manager, by a declaration that Guthrie, having the congressman and asking for his renomination, is entitled to nothing more.

Pythians Will Meet at Cleveland.

Indianapolis, March 28.—By direction of the officials of the uniformed rank, Knights of Pythias, the arrangements to hold the national encampment in Minneapolis have been declared off, and Cleveland, Ohio, has been selected as the place for the coming event. The reason for the action is the alleged discrimination by the Western Passenger association in favor of the National Grand Army of the Republic encampment and against the uniformed rank, Knights of Pythias.

The convention will continue to-morrow and Sunday.

GRAND JURY CRITICISED.

Citizens of Champaign to Hold a Mass-Meeting Tonight.

Champaign, Ill., March 28.—Public opinion does not indorse the Champaign county grand jury which indicted Gov. Altgeld and the members of the board of trustees of the University of Illinois for alleged refusal or neglect to comply with the Illinois flag law. The feeling of the people has reached such a stage that a formal call was issued for a mass meeting of citizens of this city and vicinity to be held this evening "to give expression to local sentiment in regard to the indictment of the governor and trustees of the university by the grand jury of Champaign county."

It has leaked out that the grand jury also returned an indictment against the Rev. Father A. J. Wagner, pastor of St. Mary's Catholic church, in this city, for non-compliance with the law in neglecting to float the stars and stripes from the top of St. Mary's school building, a parochial school connected with his church. He holds that the law does not cover parochial schools, and says that he is perfectly willing to float the stars and stripes every day in the year if the public will furnish the flag.

JAMES WHITCOMB RILEY ILL.

Prostrated by Brain Fever, but His Recovery Is Hoped For.

Indianapolis, March 28.—James Whitcomb Riley was prostrated early Friday morning by an acute attack of brain fever. Michigan Baseball League.

Lansing, Mich., March 28.—The directors of the Michigan Baseball league adjourned Friday afternoon after a stormy session. Kalamazoo dropped out for lack of support, leaving but seven cities. There was a prolonged strife over the admission of Toledo, which wanted an \$500 salary limit, promising all visiting clubs a \$50 guaranty, the guaranty in other cities being but \$35. Manistee, Lansing, Muskegon and Adrian held out against Toledo, and on this account Port Huron, Saginaw and Jackson withdrew, the directors from the last-named cities going to Jackson with a view to forming a new league with the aid of Fort Wayne, Toledo and Terre Haute. The directors of the remaining clubs are at Adrian trying to form a state league which will include Owosso and another Michigan city in addition to the four named.

Texas Democrats May Bol.

Dallas, Tex., March 28.—Nearly 200 "sound money" democrats met here Friday and virtually determined to bolt the party organization in Texas this year, as it is a foregone conclusion that free silver will control the party in this state during the campaign of 1896. A series of resolutions declare in favor of a conference of Texas democrats who will abide the action of the national convention and support its nominee.

RE-ELECTED BY THE STATE CENTRAL COMMITTEE.

The Action Was Taken Without a Dissenting Voice at the Milwaukee Meeting Yesterday—The Convention this Year Likely to Be Held In August.

Milwaukee, Wis., March 28.—Secretary Ewing was on Friday re-elected unanimously as the secretary of the new republican state central committee. As an executive committee Gen. George E. Bryant, of Madison; Judge L. H. Mead, of Shell Lake; Leander Ferguson, of Brandon; W. A. Brown, of Marinette, and C. M. Gregg, of Milwaukee, were named. Chairman Coe is ex-officio chairman of the committee. The convention this year will likely be held in August.

The bondsmen of Treasurer Greene of Eau Claire, the embezzler, set up an answer to the suit against them for recovery that the city council failed in its duty when originally notified of the shortage, and contend that that failure released them from responsibility. The amended answer of Greene's bondsmen, in which a deficit of \$10,000 is admitted, is supposed to be a result of the new indictment to which Greene pleaded guilty, and a compromise is anticipated.

The Advancement association of Manitowoc held a meeting Saturday night at which representatives of the Northwestern railway explained the plans of that company for putting in slips and large coal docks along the lake front to cost about \$250,000 in return for a franchise to pass over certain streets. The association made some suggestions regarding the route of the proposed belt line and will offer resolutions to the common council favoring the company's plans.

Superior populists nominated William Munro for mayor. The Rev. C. Starkweather was an unsuccessful candidate for the nomination, having but about one-third of the delegates. The nominations for treasurer and comptroller were left to the city committee, the object being to fuse with one of the other parties if possible. The platform calls for municipal control of waterworks and city lighting and the abolition of the contract system of making public improvements. Mr. Starkweather declares he will be an independent candidate for mayor.

Vausau has a case for the lawyers, a question as to whether a certain couple are married or not. A young well-to-do farmer of the town of Hull, who is boarding in the city and attending school to make up for the lack of educational advantages in his youth, is the alleged bridegroom and a domestic in the boarding house the alleged bride. The two were talking together one evening when one of the boarders approached and said he was going to marry them. After asking them the usual questions and receiving their responses he pronounced them man and wife. The next day the boarder who performed the alleged ceremony stated that he was a justice of the peace in one of the towns of the county and that they were really married. The young man was engaged to be married to a young lady at Mosinee.

Mrs. Celia Kinckel of Racine, who has been ill for some time, eluded the vigilance of her nurses and ran away to the lake, where, just as she was clambering over the masses of ice, officers rescued her and took her home.

Fire broke out in the Hurlbut company's shop at Racine Junction last week, causing a damage of \$10,000. The jacking room, car and machine departments were burned but firemen by hard work kept the flames from spreading elsewhere. The loss is covered by insurance.

A BREEZY LETTER FROM MILWAUKEE

ISABELLE CARPENTER WRITES FOR THE GAZETTE.

Some Observations On Cream City Politics—What Effect Would Woman's Suffrage Have?—As to Bicycle Suits and Wheeling—Shop Windows Smile In Glory.

Milwaukee, March 28.—[Special Correspondence.]—If the young man who signified his intention of settling in Milwaukee after a long residence in Germany, because he would not find things so very different here, could look in upon the Cream City, just now in the throes of political conventions, nominations and "sich like," and particularly if his predilections were toward the republican faith, he would sweep the whole party in Milwaukee into loving embrace and pitch his tent joyfully in our midst. The "German vote" has been carefully looked after; it does not yet appear what Mr. Somebodyski, of Polish nativity, had had or expects to have done for him, but certain it is that the Yankee must "fish or ut bait," on the city ticket this spring election. The Yankees are not in it this year, unless they swallow the democratic bill to vote for one man with an American name and an American birthright. Our German friends are very good friends, but they require considerable "patting," or they backslide; our Polish contingency is navigating the same kind of craft, and needs careful handling, so there seems to be little choice for the American vote but to go below and allow the German-Americans, Polish-Americans, and what-not Americans to grasp the helm and steer the ship. The American vote has itself to thank for this state of things, our municipal league having so far struggled almost vainly to induce good and reputable men not of foreign birth to interest themselves in municipal affairs.

"Kick," But That Is All.

We all like you know, to sit at home and kick about the city government, but we don't want to lend our valuable aid toward bettering matters, so our pronounceable American names and pronounced republican principles take a back seat and let the other fellows get the places and the plums. I wonder if these things will be managed any better when women have the ballot. Woman's voice and woman's influence is heard and felt in these ends of the century days, and woman's clubs, school alliances, etc., are claiming most of the credit of starting the wave of patriotism which has swept over the country of late and which is to have an appreciable effect upon the rising generation to the end that the 20th century young man will be as ready to fight the bloodless fight at the polls as his ancestors were to fight "in freedom's cause." The organization of Daughters of a American Revolution are helping this crusade. Long may their banners wave over a triumphant host. Milwaukee's women are as active as any, so perhaps we shall see in the good time coming, among other blessings, clean streets and clean crossings; while the city saloons are electooning the city victims, male and female flounder through the accumulated filth of a long winter, mud ankle deep and look pleasant—if they can.

Wheelwomen Are Out.

While on the subject of women's club's and societies, it occurred to me to wonder where this wave of fad or frenzy or whatever may be most fitting, will land us ultimately. I know this subject is discussed and written about ad infinitum and ad nauseam, but has the question ever been answered or a satisfactory suggestion offered in the way of answering? The craze for clubs, societies chapters and classes of all and every imaginable kind is nothing short of epidemic in Milwaukee and women can spend fourteen days a week in the pursuit of knowledge, not to speak of pleasure, while "mammas," who lives with me, you know," (blessed old lady of the old school) blessed house and dawns John's and the children's socks. I know a dozen women who solemnly assure me that they do not spend two hours a day in their homes beyond the time consumed in eating and sleeping. The season of clubs and classes is however almost over but the bicycling days draw near, and a sunny day even now sees a comfortable sprinkling of wheelers wheeling on Grand avenue, their wheels crunching the snow and ice, their noses blue and their cheeks purple from the too friendly attention of the biting March wind.

Bloomers are Barred.

As to whether bloomers are to obtain to any degree it is of course too early to say, but the flat has gone forth in New York against the horrible, unattractive, ungainly things and we will venture to hope that the west will follow the usual lead. Knickerbockers are well enough in the gymnasiums and physical culture classes which are such a fad just now, and apropos of these latter, an amusing story is afloat concerning a certain west side class in physical culture. A prominent lady member of the class gave an afternoon tea for the members of the class, the understanding that all of the guests should attend in "class costume." This requirement was strictly adhered to and the spacious rooms were well filled with what to an outsider, would look like a convention of very fair specimens of the new woman. One lady of generous proportions appeared in her regulation suit of black knickers and long white

stockings and low shoes, a broad white sash encircled her ample waist tied in huge bow at the back; another dame, a grandmother and one of Milwaukee's four hundred, pirouetted into the room in gray knickers and an enormous mob cap of white tulle with a nodding frill of soft muslin which bobbed about the good lady's ears and into her eyes with each Delsartean caper.

Cake Was Awarded.

During the afternoon the guests indulged in a cake walk, the lady of the white stockings and white sash easily taking the cake. After the prize had been awarded, these frisky matrons undertook to carry the victorious member about in a chair, but they had to give it up, the lady was too heavy even for accomplished physical culturists.

The shop windows smile at the passers-by with a glory of gay summer fabrics, but it is hard to respond with much cordiality while the wind howls a chill blast and the mercury creeps lower, as if to hide its head in very shame at such an abominable display of March weather. However, spring always has put in an appearance and it is safe to hope it will come lagging along sometime and the next summer's girl is preparing to don raiment fit for the Jewish king and his court, in all their glory—dainty muslins, organdies, plain, dotted and striped are the swaggar shirt for summer wear and the shirt waists of grass linen with white collars and cuffs are the smartest of the smart, and it is to be a season of furbelows and all sorts of fluffy things. "IN OLD KENTUCKY" MADE A HIT

Fine Production Enjoyed by a Large Audience Last Evening.

"In Old Kentucky" was the bill at the Myers Grand last evening, and the performance charmed a large audience. The scenes include life-like representations of two distinct phases of Kentucky life, and the story is absorbing in interest and pure and wholesome in tone. It deals with events that have made famous this state, from the fierce mountain feuds to the chivalry of the Blue Grass gentility, and the intense love of the horse which is so thoroughly characteristic of Kentucky's sons and daughters. In fact, a horse, Queen Bess, plays an important role in the course of events which mark the chapters of the story. The work of the Pickaninie Band, headed by Burt Grant, was one of the features of the performance and their grotesque dancing, tuneful singing and artistic handling of brass instruments caused a tumult of applause. Such productions as "In Old Kentucky" are worth seeing, and Manager Stoddard was lucky in securing a booking so thoroughly satisfactory to his patrons.

The Columbia Opera Company.

Under the heading "They Own the Town," the Elgin Dial devotes half a column to the Columbia Opera Company. In the course of the article The Dial says: "The house was packed to the doors and hundreds went away unable to gain admission. Since last appearing in Elgin the company has been materially improved as well as augmented and from the time the opening overture was played by the orchestra it was a foregone conclusion that a rare musical treat was in store for those present and that one of the best opera companies that had visited Elgin in years was the evening's attraction. The opera sung last evening was the "Black Hussar," which is one of those romantic operas full of delightful music and could be listened to all night. The ensembles and choruses were grand in the extreme while what little prima donnas have to do is entertaining.

THE TIMES' GHOST NOW ABLE TO WALK

IT PARADES IN A MILWAUKEE COURT ROOM.

The Kaukauna Paper Company Wants Pay For the Paper on Which the Publication Was Printed, and Colonel C. L. Clark Is One of the Defendants.

The ghost of the Milwaukee Times is parading through Judge Ludwig's court at the Cream City as the result of the beginning of the trial of the suit of the Badger Paper Company, of Kaukauna, against the stockholders of the Times company for \$1,186.44. This bill represents the value of paper furnished to the company during its thirty six days of publication in the fall of 1893. Col. Clarence L. Clark is one of the defendants and the plaintiff alleges that in August, 1893, it sold The Times company a bill to the amount of \$1,156.44 and that the payment was due Jan. 5, 1894. The complaint alleges that at the time the paper was sold only 20 per cent. of the capital stock of the company had been paid in. In their answer the defendants deny liability for the debt, since they have paid in the full amount of their stock. A political aspect is given to the case from the fact that all the defendants were active in democratic councils at the time The Times was running.

Slow progress was made with the case yesterday, and the most of the day was spent in reading the deposition of Clarence L. Clark and others. Two witnesses only were called for the prosecution. H. O. Frambach, a member of the plaintiff company, testified as to the accuracy of the claim. Albert Huegin was called to testify as to the value of the United Press franchise held by The Times at the time the paper was running, and for securing which Mr. Clark charged a large sum, but objections were interposed to his testimony, and Judge Ludwig held that it must be put on the same footing as any other marketable article.

A RELIC OF THE PAST.

Surgical Operations for the Cure of Piles and Rectal Diseases NO LONGER NECESSARY.

A Medical Discovery Which Will Change the Treatment of All Such Diseases.

It has long been thought not only by some physicians but by the people in general that the common, painful and exceedingly annoying trouble, piles, was practically incurable by any other means than a surgical operation, and this belief has been the cause of years of needless suffering, because of the natural dread of surgical operations.

There are many salves, ointments and similar remedies on the market which afford some relief in cases of piles, but the Pyramid Pile Cure is the only preparation so far introduced that can be reliably depended upon to cure to stay cured, every form of itching, bleeding or protruding piles.

Mrs. M. C. Hinkley of 601 Mississippi St., Indianapolis, was told by her physicians that nothing but a surgical operation costing between seven and eight hundred dollars could cure her as she had suffered for 15 years; yet even in such a case as hers the Pyramid Pile Cure accomplished a complete cure. She says: "I knew an operation would be death to me and tried the Pyramid with very little hope and it is not to be wondered at that I am so enthusiastic in its praise."

Major Dean of Columbus, Ohio, says he suffered for 40 years from piles and 20 years from itching piles and in his case two packages of the Pyramid cured him.

Mr. D. E. Reed of South Lyons, Mich., says I would not take \$500 and be placed back where I was before I used the Pyramid Pile Cure. I suffered for years and it is now eighteen months since I used it and not the slightest trace of the trouble has returned.

The Pyramid Pile Cure is sold by nearly all druggists at 50 cents and \$1 per package and as it contains no opium, cocaine or other poisonous drug can be used with perfect safety.

No one need suffer from piles in any form who will give this excellent remedy a trial. Made by the Pyramid Co., Albion, Mich. Any druggist can get it for you.

COUGHS AND COLDS. ELY'S PINEOLA BALSAM is a sure remedy for coughs, colds, sore throat and for asthma. It soothes quickly and cures. It is a complete cure, and renders expectoration easy.

CONSUMPTIVES will invariably derive benefit from its use. Many who suppose their case to be consumption are only suffering from a chronic cold or deep-seated cough, often cured by catarrh. For catarrh use Ely's Cream Balm. Both remedies are pleasant to use. Cream Balm, 50 cts., set bottle; Pineola Balsam, 25 cts. Sold by druggists. ELY BROTHERS, 66 Warren St., New York.

AN Agency That Is An Honor to Have.

It is very seldom a dealer looks upon the agency for the sale of an article with anything more than a business eye, and the article must be pretty good stuff for him to exert himself to much extent at that. F. A. Taylor has taken the agency for the famous America bicycles and received his first shipment yesterday. He considers himself most fortunate in securing a wheel like this. More Americas are sold in Cook county, Illinois, alone than any other on the market and that tells a story. It has the original truss frame under the Graham patents which are owned by the manufacturers, and in every way is superior to any bicycle yet brought to the city. You can't help but admire it.

A mirror could not lie if it wanted to. The glass has nothing to gain by flattery. If the roses of health and plumpness of beauty are leaving your face, your mirror will tell you so. Health is the greatest beauty in the world. When a woman sees the indications of ill-health in the face, she may with almost absolute certainty look for the cause in one or both of two conditions—constipation, and derangement of the organs distinctly feminine. Dr. Pierce's Favorite Prescription will cure permanently and positively any so-called "female complaint." Dr. Pierce's Pleasant Pellets will cure constipation. There is no reason in the world why a woman should not be perfectly healthy. She will gain in health, strength and flesh. Hollows and angles will give place to fullness and grace. She will be that noblest and most beautiful of all creation—a perfect woman.

Duties faithfully performed won
recognition in the republican city convention
this afternoon.

The convention declared emphatically
for the renomination of Treasurer
Fathers, Street Commissioner Watson,
and Justice M. P. Richardson and
filled out the ticket with excellent
nominations for city attorney and
school commissioner.

The convention was called to order
by W. E. Clinton. O. F. Nowlan was
named for chairman and W. E.
Clinton was made secretary. Silas
Hayner, Wilson Lane and John
Thoroughgood were made a credential
committee and J. L. Bear and E.
J. Green were named as tellers.

Fathers the Unanimous Choice.
There was not a dissenting voice
when the renomination of Treasurer
James A. Fathers by acclamation was
proposed by Silas Hayner. The nomination
was made with enthusiasm.

Watson For Two Years More.
An informal ballot for street
commissioner resulted in J. H. Watson
receiving sixteen votes and George
Hanthorn ten votes, the fifth ward
and the Third ward voting solidly for
Hanthorn.

Watson receiving twenty on the first
formal ballot, Hanthorn receiving 5,
Watson was declared nominated, ap-
plause greeting the announcement.

Four Ballots For City Attorney.
Four ballots were required to nomi-
nate a city attorney. The informal
ballot gave T. S. Nolan fourteen votes
and A. E. Matheson, thirteen votes.
The first three formal ballots gave
Nolan and Matheson, each 13 votes
but the fourth formal ballot gave Nolan
fifteen votes and Matheson twelve.

Hayner For School Commissioner.
E. J. Green nominated A. G. Anderson

Fifth Ward—Wilson Lane.

Will Try Suits Himself.
A committee composed of John
Thoroughgood and G. H. Davey es-
corted T. S. Nolan into the con-
vention hall. Mr. Nolan was greeted
with cheers. He modestly thanked
his friends and promised that if he

were elected he would make it his
business to clear up the \$200,000 worth
of suits against the city that have
been allowed to accumulate.

"I will try them myself,"
he said "and will promise
to have no other paid assist-
ance than has already been retained."
Prolonged cheers.]

Wilson Lane was greeted with ap-
plause when he spoke of the need of a
city attorney who would represent
adequately the city's interests. His
declaration that Mr. Nolan's election
would do much to end the bleeding of
the city on interminable damage suits,
was received with approbation.

A. E. Matheson was called out, and
promised that anything he could do
for the success of the party in the
campaign would be done. Chairman
Nowlan endorsed Mr. Matheson's
promise out of his knowledge of the

DIVORCE IS GIVEN TO MRS. HUMPHREY

JUDGE BENNETT GRANTED THE
DIVORCE YESTERDAY.

Grounds Were Cruel and Inhuman
Treatment and Non Support—Action
Was a Sequel to An Alleged At-
tempt to Kill—Suit Over a Farm
Deal.

Mrs. Lyle S. Humphrey was granted
a divorce from her husband yesterday
by Judge J. E. Bennett, and in the
future she will be known as "Gertrude
Humphrey."

Both parties are well known Evans-
ville residents and recently figured in
rather a sensational case, the wife
alleging that her husband broke into
her father's house in the night, and
attempted to kill her. Mrs. Hum-
phrey at once began proceedings for
a divorce, and yesterday it was
granted. Emmet D. McGowan was
her attorney, and the grounds claimed
were cruel and inhuman treatment
and failure to support.

Real Estate Agent T. E. Ludden
sued Michael Bowen to collect a com-
mission claimed for selling a farm,
and Justice M. P. Richardson decided
the case in favor of the defendant.
The farm in question is situated in the
town of Beloit. Bowen claimed that
Mr. Ludden had no hand in the sale as
he afterward made the deal himself,
without Ludden's assistance. Ludden
then sued Bowen claiming that \$76
was due him, but instead of recover-
ing that amount, was obliged to pay
the costs, which figured up \$10.10.

Know Himself.
Stranger (at the door)—I am trying to find a lady whose married name I have forgotten, but I know she lives in this neighborhood. She is a woman easily described, and perhaps you know her—a singularly beautiful creature, with pink and white complexion, sea-shell ears, lovely eyes, and hair such as a goddess might envy.
Servant—Really, sir, I don't know—
Voice (from head of stairs)—Jane, tell the gentleman I'll be down in a minute.—N. Y. Weekly.

No Need of Legal Compulsion.
"Blest if I can understand this currency question. I asked somebody what a legal tender was, and he said it was like this: If I owe you \$2, and I offer you a \$2-bill to settle the debt, you must take it."
"Well, that's right!"
"Yes; but what a blooming idiot you would be if you wouldn't take it!"—Puck.

His Head All Right.
"We don't seem to have any No. 13 collars," said the haberdasher, after looking through his stock. "People are not wearing 13's now, anyhow. Won't a No. 14 do just as well?"
"I think not," stily answered the young man on the outside of the counter. "I may have a little neck, but I am not a clam."—Chicago Tribune.

A Generous Landlord.
Tenant—That chandelier in the parlor is so shaky I'm afraid some time, when the children are romping under it, the whole thing will fall.
Landlord—Well, that chandelier ain't worth more than its price for old brass, anyhow. It doesn't matter whether it gets broken or not.—N. Y. Weekly.

Her Husband Was an Expert.
Mrs. Shears (in a jeweler's shop buying diamonds)—I wish my husband were here.
Jeweler—Is he an authority on diamonds, madam?
Mrs. Shears—Not exactly; he is an editor, and knows paste whenever he sees it.—Odds and Ends.

She Agreed with Him.
"Do you play in public?" asked a Dallas lady of a prominent musician.
"Yes, indeed, and when I play I forget everything. I only see my notes, the stage vanishes and the public disappears completely."
"I'm not surprised at that," remarked the lady, quietly.—Texas Sifter.

Preserving the Unities.
"I see," said Mr. Chaffie, glancing over the paper at the breakfast-table, "that we are going to have a gymnasium for girls. What next, I wonder?"
"A cooking school for boys, I reckon," replied Johnnie, between bites.—Texas Sifter.

Unsatisfactory Compensation.
Jessie—I'm so annoyed at those criticisms of my singing at the concert. They speak so slightly of my voice.
Florence—Still, they said you were very pretty.
Jessie—Oh, but everyone knows that.—Lay City Chat.

Guessed Exactly.
Squillig (newspaper in hand)—Here's an account of a terribly-bungled execution.
McSwilligen—Couldn't the sheriff get the hang of it?—Pittsburgh Chronicle-Telegraph.

Only for a Moment.
He saw her standing 'neath the mistletoe, And in the twinkling of an eye—alack! Her head upon his shoulder lay, and lo! Her golden hair was hanging down his back.
—Chicago Tribune.

FRESHLY LAID.

Grocer—Didn't that lady ask for fresh-laid eggs?
Clerk—She did, sir.
Grocer—And you said we hadn't any?
Clerk—I did, sir.
Grocer—Didn't you see me lay those eggs, myself, right down there not ten minutes ago, you mendacious scoundrel? You are discharged, and see that you don't refer to me for a character, either!—Judge.

A Matter of Course.
The baggage man's destructiveness is sequence of his making;
For antecedent to his trade
He serves a term at breaking.
—Richmond Dispatch.

Spiteful.
Mrs. A.—Tell me, dear, is my new hat becoming to me?
Mrs. B.—Very much, indeed; you look 15 years younger in it!—Texas Siftings.

Always Willing to Oblige.
He—If there's anything a woman enjoys it is being a martyr.
She—And how willing man is to help her enjoy herself that way.—Indianapolis Journal.

Evidence.
Husband (in the early dawn)—It must be time to get up.
Wife—Why?
Husband—Baby has just fallen asleep.—Truth.

An Eye to Business.
He—I will die for you!
She—I'm so glad.
He—What do you mean?
She—Pa's an undertaker.—Town Topics.

Where He Drew the Line.
"You can get used to anything, my boy."
"You wouldn't say that if you had ever seen my wife."—N. Y. World.
